General Information

A retainer of five hundred dollars is required at the time a date is reserved for your wedding, and a contract signed. This is a non refundable fee, and it guarantees to hold your wedding date, and time. A total of fifty percent of your wedding package price is due three weeks before your wedding date. The balance is due when your previews are ready. Order must be placed within 60-days, or prices are subject to change. Weddings that are booked more than a year in advance are subject to current price changes.

Your story book wedding album from Thomas Photography will be opened again and again as you relive the joy, and excitement of your wedding day. Your wedding portraits will reflect your love, romance, hopes, and dreams throughout your lifetime.

Why trust any photographer to capture those very special moments. Our experience, and quality speaks for itself, and it shows.

Thomas Photography has been serving the Midland community since 1968. That is longer than any other studio in the Midland area. For over forty years the people of Midland have trusted our quality, and reputation in capturing those moments.

Your wedding event will only occur once in a lifetime. Why would anyone want to compare only prices? Anyone can photograph a wedding, but not anyone can do it right. Experience counts. Why would you risk your wedding day to amateurs? Creative wedding photography by Thomas Photography will be priceless treasure that will last out a lifetime.
